

Triband vertikalna antenna za 15, 17 in 20 metrsko področje.

Narejena je po načrtu <https://www.m0mcx.co.uk/store/products/multi-band-80m-6m-hf-antenna-p-a-le-compliant-antenna-survival-prep-sota-kit/>

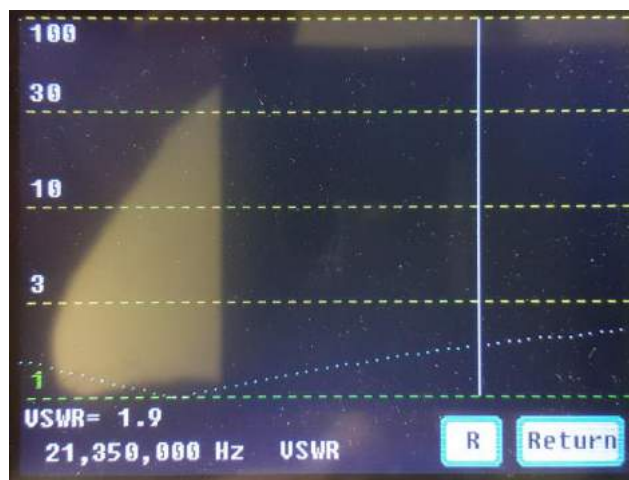

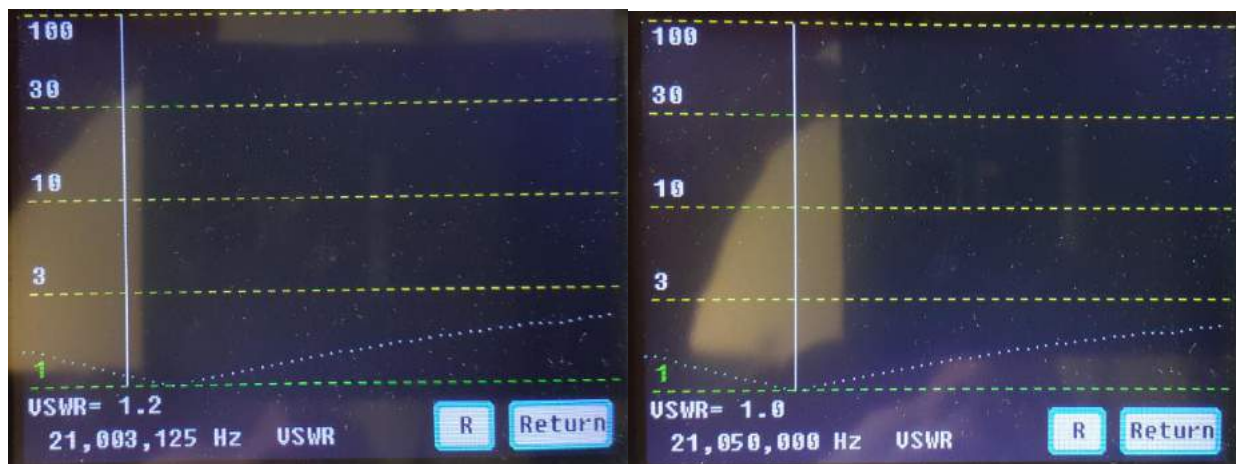

Radiali - 4-je šopi po 5 radialov skupaj

Plošče za razmake žic so iz pertinaksa

SWR-ji so pa naslednji:

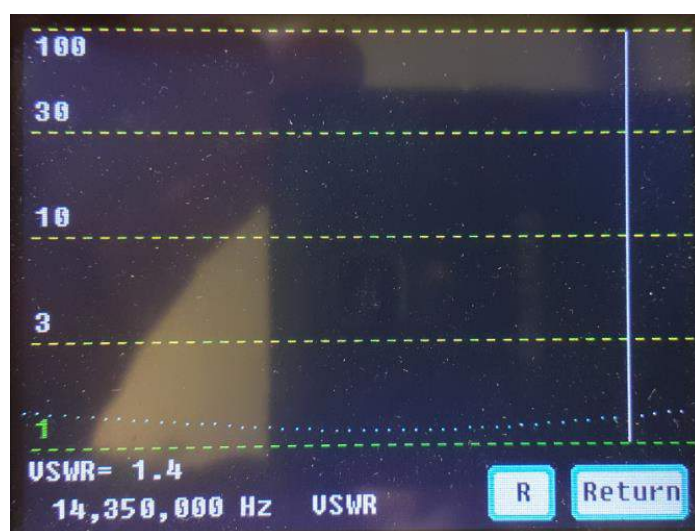

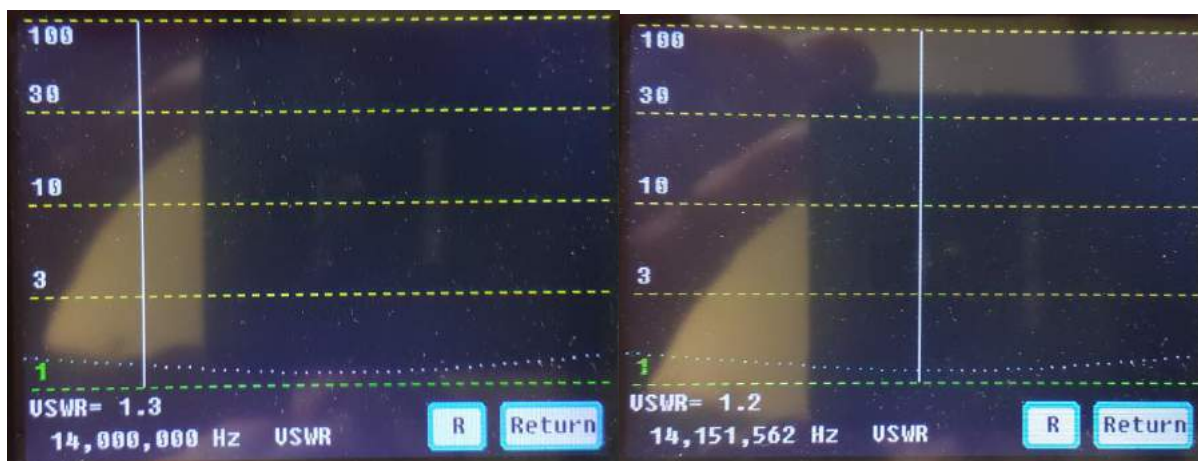

15 meterski band

17 meterski band

20 meterski band

Da pa ni ravno Dummy load, sem jo pa preizkusil z CW CQ klicem izpred moje QTH – v dolini, ki ni najboljša lokacija za HAM operaterja... Na vsakem bandu en klic z manj kot 5 W moči..
